To Whom It May Concern,

It is my pleasure to provide you this letter of recommendation for Mr. Paul Selberg, owner of Selberg and Associates, Inc. Paul was the architect for our recently completed commercial property, City Center Executive Plaza.

This project included developing a scope of work and designing a new 25,000 square foot, two-story modern office complex. This state-of-the-art building consists of a grand, two-story lobby, 10,000 square feet of lease suites and our two-story CompuNet Credit Services suite. This very modern structure features roof-mounted solar panels for an environmentally conscious energy system. Our upscale building was completed on schedule at a total construction cost of \$2,750,000.

I was especially pleased that Paul kept in constant contact with me during planning and construction. Paul was timely, responsible and an integral part in making sure our new building would be the jewel in the desert that it truly has become. I am confident our new building is the most beautiful office complex in Mohave County and much of our success is due to Paul's dedication to the project.

Sincerely,
